

# 3<sup>rd</sup> Oxford Tidal Energy Workshop (OTE 2014)

7<sup>th</sup> and 8<sup>th</sup> April 2014, Oxford, UK

We are pleased to announce that the 3<sup>rd</sup> Oxford Tidal Energy Workshop (OTE 2014) will be held in Oxford on the 7<sup>th</sup> and 8<sup>th</sup> of April 2014. Following the successful workshops in the last two years, this year's workshop aims to provide further opportunities for scientists, engineers, researchers and research students to discuss technical issues in tidal stream power generation. The topics may include, but are not limited to:

- Device-scale problems (hydrodynamics, design, fluid-structure interaction, etc.)
- Array-scale problems (wake interaction, array optimisation, etc.)
- Basin-scale problems (resource assessments, environmental impacts, etc.)
- Novel experimental, computational and theoretical approaches for tidal energy research

Participants are asked to prepare and submit a **two-page abstract** in the format of the template provided by the organisers. Abstracts will be used for light reviewing as well as for organising themed sessions. We aim to make sure that all participants will be timetabled for oral presentations; however, depending on the number of abstracts submitted, we may also run a poster session. All accepted abstracts (for both oral and poster sessions) will be uploaded on the workshop website.

The last year's programme and abstracts are available at  
[http://www.eng.ox.ac.uk/tidal/templates/OTE2013\\_proceedings\\_final5.pdf](http://www.eng.ox.ac.uk/tidal/templates/OTE2013_proceedings_final5.pdf)

Further information, including templates for the abstract, will be available at the workshop website:  
<http://www.eng.ox.ac.uk/tidal/ote2014>

## Sponsor

The workshop will be sponsored by the Oxford Martin School and we will be able to cover costs for university accommodation (for 1 night) for postgraduate students. We are also planning to provide a workshop banquet for all participants on the evening of the 7<sup>th</sup> of April.

## Important dates

- Submission of two-page abstract: **28 February 2014**
- Notification of acceptance: 10 March 2014
- Registration (all participants): **14 March 2014**
- Accommodation request (students only): 14 March 2014

All participants are asked to register their intention to attend by emailing [alison.may@eng.ox.ac.uk](mailto:alison.may@eng.ox.ac.uk) by the 14<sup>th</sup> of March 2014, together with any requests for university accommodation (for postgraduate students only).

## Organisers

Richard H. J. Willden (Chairman), University of Oxford, email: [richard.willden@eng.ox.ac.uk](mailto:richard.willden@eng.ox.ac.uk)  
Takafumi Nishino (Co-Chairman), University of Oxford, email: [takafumi.nishino@eng.ox.ac.uk](mailto:takafumi.nishino@eng.ox.ac.uk)

## Scientific committee

T. A. A. Adcock (Oxford)	T. Stallard (Manchester)
G. T. Houlsby (Oxford)	P. Stansby (Manchester)
I. Masters (Swansea)	C. Stock-Williams (E.ON)
T. Nishino (Oxford)	R. H. J. Willden (Oxford)

## Time schedule (tentative)

Monday 7th April	starting at 11:00am
Tuesday 8th April	finishing at 3:30pm
